Subject: Preliminary Results ORRCO OOO-145A

Hi Bruce,

You will find that my results are not consistent with the results you received from another lab. The RLs will vary depending on the interferences ~~but should not exceed 5mg/kg.~~

10104400 no aroclors found
10104401 no aroclors found
10104402 no aroclors found
10104403 no aroclors found
10104404 no aroclors found
10104405 no aroclors found
10104406 no aroclors found
10104407 10-12 mg/kg 1248
~~10104408 no aroclors found~~
10104409 no aroclors found
10104410 no aroclors found
10104411 no aroclors found
10104412 no aroclors found - the RL is about 2ppm
10104413 no aroclors found

The information in this report is being supplied to you at your request as 'Preliminary Results'. Results have not undergone the same level of review as a final report. Once all reviews have taken place, it is possible that results in the final report may vary from those in this report.
